

FFA Enrichment Center

AV, Conference Equipment and Beverage & Snack Options

Audio/Visual Equipment & Supplies

All meeting rooms include basic A/V equipment in room rental fee. Basic A/V equipment includes: ceiling projector, screen and teaching station. Teaching stations are equipped with a basic PC computer, additional VGA cord for laptop connection, DVD player, VHS player, and basic sound system.

The large conference rooms include basic A/V equipment in room rental fee. Basic A/V equipment includes: ceiling projector, 16' x 10' screen, VGA cords, basic sound system and four microphone set-ups: 2 wireless (lavalier or handheld) and 2 wired. *Clients with Apple computers must provide their own VGA Display Adapter to connect computer to projector system in all rooms at the FFA Enrichment Center.*

Basic A/V technology is provided with the room rental and is defined as: set-up of A/V equipment, assistance with connecting computer/laptop to A/V equipment, microphone set-up and lighting. *If a full time A/V tech or additional A/V equipment is required or requested by the client, the client must contract those services through an outside company.*
